dedication

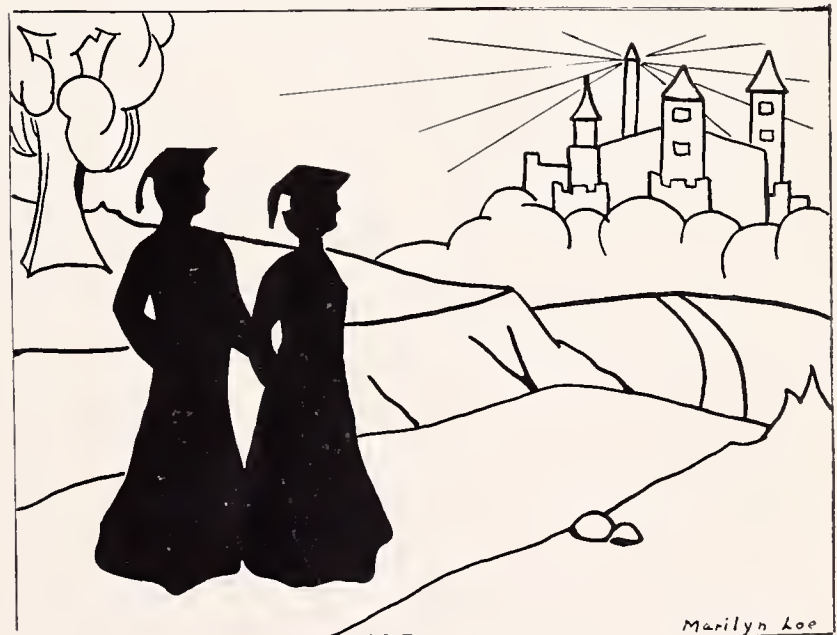

To Mr. Baxter

Because upon entering Garfield YOU were our friend in
our overwhelming surroundings

Because YOUR periodic talks helped us so much

Because YOU have handled our problems in a manner
that minimized them

This Gleaner is appreciatively dedicated to YOU.

principal's message

Today marks the close of another year and means graduation for 208 H9's. Looking back over the student activities for the spring term, we find that this has been an unusually successful semester. The sale of student body cards was 100%, the sale of Gleaners reached nearly 800, our quota in Junior Red Cross was over-subscribed, the spring Variety Show was very successful, and our pupils have participated in many other musical and inter-school activities. These accomplishments have been outstanding.

Summer vacation will start tomorrow and the members of our student body, nearly 1000, will scatter for their vacations throughout the country. I hope all of you have a very pleasant, happy, and profitable summer.

A. C. Baxter.

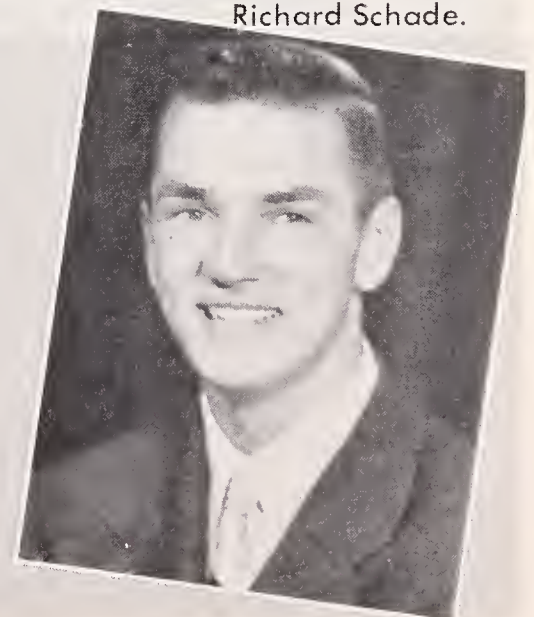

president's message

Nineteen fifty, an important year in history, is also an important year for us. It is the year we, the H9 class of June, 1950, leave Garfield Junior High School, where we have accomplished so much scholastically and socially.

The last three years have been very happy and profitable ones. We have accomplished much and have made many friends. The assistance and co-operation of the faculty and student body have been a great help and a source of much satisfaction.

We leave Garfield with a deep appreciation and gratitude for everything that has been done for this class. We face the future with confidence.

Richard Schade.

student groups

student council

Student body officers and representatives from all the grades but high nine comprise the Student Council. This group meets on Wednesday to discuss school problems and projects.

student court

The Student Court consists of a chief justice and eight associate justices. Students who break school rules are brought before the Court for trial, and some fitting penalty is given them.

student leaders

Student Leaders perform one of the most important jobs in the school, which is to keep traffic in the halls orderly when the students pass between classes.

rally committee

The Rally Committee keeps order about the school. Their orange and white caps signify their authority.

gleaner staff

The Gleaner Staff issues this book each term. It is headed by an editor who is assisted by selected students making up the staff. Art, photography, literary, and publicity are the different departments.

boys' and girls' gym helpers

Gym helpers are chosen by the gym teachers to help in various ways in the P. E. department. They are highly valued by the school.

library helpers

Library helpers assist Miss Stone in keeping our library functioning smoothly.

attendance helpers

The attendance helpers collect absence slips from the teachers. They are a great help to Mrs. Bartell in keeping Garfield's attendance records in order.

office helpers

The office helpers are very important in the school, sacrificing study periods for running errands for the counselors and other office personnel.

p. a. crew

The boys in this group are essential to Garfield's assemblies, for they project movies, operate the P. A. system, and control the lighting.

mimeo crew

This crew turns out anything from P.T.A. bulletins to school maps for the teachers.

locker assistants

The locker assistants help Mr. Sauers in the problem of keeping the lockers in working order.

block "g"

The Block "G" Society is comprised of boys who have demonstrated ability in one or more of the school sports.

g a

The Girls' Association is an organization in which all the girls in the school participate.

We have four programs a semester; the first of which is usually a Big-and-Little-Sister Party, and the last, a Senior Farewell. Girls from all grades are included in the talent for these shows.

Each advisory has an elected representative to collect money for our project, which is Care Packages.

dramatics

This group, directed by Mrs. Curtice, has achieved an important place in providing school entertainment. Most of the students who take part in various shows receive training in this class.

band and orchestra

Garfield's band and orchestra under the baton of Mr.

Minzyk are two of the school's most popular organizations. They have presented many enjoyable programs.

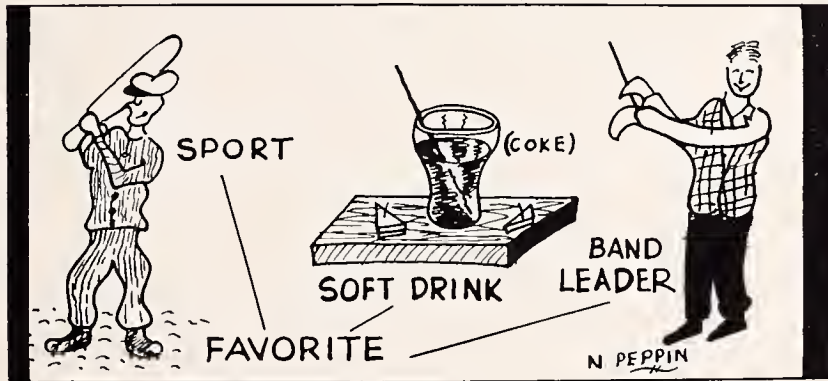

glee clubs

The Boys' Glee under Mrs. Kressman and the Girls' Glee under Mrs. Young meet several times a week to practice the numbers which they put on for school assemblies, P.T.A. meetings, and various other programs.

the willard game

The most exciting game of the 1949-50 basketball season was the Willard-Garfield Varsity contest, played in the Garfield Gym. The day was warm and students from both schools were yelling themselves hoarse. The lead seesawed back and forth with the green and gold of Willard taking a commanding lead at halftime. The starting five of Garfields came surging back in the third quarter. The score was knotted up going into the fourth and last quarter. Alas, the speedy quintet from Willard got hot and beat our boys. We had spirit throughout the game and that is what counts.
